

From Apostle

Rev. 2:16

Never has it been so crucial that our leaders hear clearly and heed the Holy Spirit as they lead God's flock in the way that Jesus would have them lead.

PRAYER

Heavenly Father, I pray for the spiritual leaders under my care. I pray that they will be quick to hear and prompt to obey Your Voice. I ask You to strengthen them with might in their inner man, that they will remain unbending in their commitment to the unchanging truths of Your Word even if it means they must take a stand that is different from the spirit of the age around us. In this day when morals and belief seem to be changing on every side, give my pastor and spiritual leaders the fortitude and courage to stand firm in their commitment to the unchangeable truths of Your Word.

Confession

I confess that those who are spiritual leaders under my covering walk in divine wisdom, counsel and might. They are marked by integrity and free from compromise, standing with unwavering commitment to God's unchanging truths as reveals in the teaching of the Bible. Regardless of what society says, what the courts declare, or what the spirit of the age dictates, my leaders are led by the truth of the Bible and the Spirit of the Living God. I declare that they are sensitive to God's voice; they are quick to be corrected when it is required; and they will stand the test of time. They are anointed to minister in these last, very critical days of this age!

I declare this by Faith in Jesus Name"
