

LIVING IN THE SUPERNATURAL

A decorative header featuring a series of icons. On the left, the words "LIVING IN" are in large, bold, black capital letters. To the right of "IN" is a sequence of five stylized human figures in various running and crawling poses, colored in shades of gray and blue. Further right is a blue-outlined house icon with a black figure inside with arms raised. Below the word "THE" is a large, stylized letter "S" inside a blue circle, which is part of the word "SUPERNATURAL".

August 2013

Dear Partner,

179. That's the number of miracles that took place during the week of Campmeeting 2014. God's glory filled the building, wall to wall, both day and night, and even traveled with guests to their homes and hotels. On the list of supernatural cases there are: records of cancerous tumors disappearing, backs straightening out, damaged knees becoming pain-free, diabetes leaving, eczema dissipating from skin, money being deposited into accounts with no history, and more!

It should be the norm for the church to experience the supernatural but we have not known how to transition from the natural realm to the supernatural realm like we should. Those are the only two realms that exist. Everyone has access to the natural, but as believers in Christ and children of the most High God, we have been given exclusive rights to access the supernatural. The three dimensions that will cause you to enter into the supernatural are: faith, anointing, and glory.

God's glory is His manifested presence that arrives through worship and a welcoming atmosphere. It consists of all that God is, all that He has, and all that He can do. When the glory arrives, it means I AM that I AM has arrived on the scene. Not I can. Not I will. But, I AM. God is always willing to manifest His glory. It will only manifest when we allow it to. We asked God to show us His glory during Campmeeting, and He did. God is the creator, so when His glory shows up, He comes to create whatever is needed. The words *impossible* and *incurable* ceased to exist. In situations where you need a miracle, you have to know that the Spirit of God will do it now.

God doesn't work by layaway plans. He does things now! We have become so conditioned to wait that waiting is all we do. When Jesus performed miracles, how many times did you see Him wait for a manifestation? Not one time! Divine power has been placed in us so that we can move in the supernatural easily. Many times we miss seeing supernatural miracles because the glory shows up and we are still trying to operate in our own faith and anointing. But, your faith and anointing are just vehicles to carry you into the dimension of His glory. Once His glory arrives, you need to know how to get out of the way and cooperate with the flow of the supernatural.

Creative miracles, signs, and wonders should be occurring regularly in our lives and in the lives of the people around us; this should not just be something we preach. It's time for the world, especially the Western world, to see evidence of the supernatural power of God, just as we did during Campmeeting. Ask God to show you His glory, and through worship, experience His manifested presence right where you are. **YOU ARE A SUPERNATURALIST. LIVE IT!**

If you weren't at this year's Campmeeting, you don't have to miss out. This miracle-filled, supernatural experience is available online at www.leroythompson.tv or you can order the series. The power is still available because there is no timestamp on the supernatural!

Sincerely,
